Freedom of Information Policy

This School is committed to creating the ethos in which children can grow towards Christian life, love and learning.

'And now I give you a new commandment: love one another. As I have loved you, so you must love one another. If you have love for one another, then everyone will know that you are my disciples.'

John 34-35

This policy has been written with regard to the guidance 'Working together to safeguard children', 'Keeping children safe in education' and the 'Special Education Needs Code of Practice', which places Special Education Needs and Disabilities together and abbreviated to SEND. A copy can be seen in the Headteacher's Office.

The overall objective of the school's Equality Policy, in line with the Equality Act 2010, is to provide a framework for the school to pursue its equality duties to eliminate unlawful discrimination and harassment, promote equality of opportunity, and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.

1. Introduction

The Freedom of Information Act 2000 (FOIA) requires all public authorities (including schools) to adopt and maintain a publication scheme. One of the aims of the FOIA is that public authorities should be clear and proactive about the information they will make public. In 2008 the Information Commissioner's Office (ICO) changed the emphasis in the approval and operation of publication schemes to a generic model. The model commits a public authority to 'produce and publish the method by which the specific information will be available so that it can be easily identified and accessed by members of the public'. To help schools to meet this obligation the ICO has produced a generic model template guide to information for smaller schools to use, particularly primary and nursery schools. Woodford valley CofE Academy has adopted this school generic model template.

The generic template lists the information the ICO thinks that schools should hold and make available within each information class. The Woodford Valley version of the generic template, shown below, provides a list of all the information the academy will make routinely available, explain how it can be accessed and whether or not a charge will be made for it.

The classes of information are listed below:

- Class 1 – Who we are and what we do
- Class 2 – What we spend and how we spend it
- Class 3 – What our priorities are and how we are doing
- Class 4 – How we make decisions
- Class 5 – Our policies and procedures
- Class 6 – Lists and Registers
- Class 7 – The services we offer
- Additional Information (if appropriate)

2. Exclusions

Woodford Valley CofE Academy will make the information listed in the generic template available unless:

- we do not hold the information;
 - the information is exempt under one of the FOIA exemptions or Environmental Information Regulations 2004 (EIR) exceptions, or its release is prohibited under another statute;
 - the information is readily and publicly available from an external website;
 - such information may have been provided either by the school or on its behalf. The school must provide a direct link to that information;
 - the information is archived, out of date or otherwise inaccessible; or
 - it would be impractical or resource-intensive to prepare the material for routine release.
-
- If the information is only held by another public authority, the academy will provide details of where to obtain it.
-
- Some information which we hold may not be made public, for example personal information. Some information might be confidential or otherwise exempt from the publication by law – we cannot therefore publish this.
